### Old Fashion Customer Service

Mitchell Laminates has a genuine passion for providing its' customers with quality product and service solutions. As a family owned and managed business for over 62 years, Mitchell Laminates has built a reputation within the cabinet making and kitchen manufacturing industries, for treating its' customers like family. Whether it's an order for one sheet or two hundred sheets, Mitchell's service is the same. We strongly believe in a customer service ethic which has been long forgotten by most of our competitors.

### Family Owned

When we say Mitchell Laminates is a family owned business, we mean just that. Many years ago (in 1949 to be precise), Alex Mitchell started a family business in Flinders Street, Melbourne, known as Payntfast Pty.Ltd. Peter Mitchell joined his father in the business in 1955. In 1957, they developed a cut-to-size Laminex business. Today, four family members,

Graham Henderson, Brett Mitchell, Marcus Mitchell and Shane Mitchell work directly within the Company, all sharing the same vision and passion for servicing their customers as Alex and Peter Mitchell had all those years ago. Of course, Mitchell's also has an extended family of over 40 proud employees who similarly share in the Mitchell family vision and passion for servicing the needs of customers.

Over the years, Mitchell Laminates has expanded to three locations and is now one of the largest independent distributors of both Laminex and Formica branded laminates and panel products in Australia.

### Family Business Award 2009

As Mitchell Laminates proudly celebrated its' 60th anniversary in 2009, we were delighted to be awarded the Second Generation Winner, in the 2009 Family Business of the Year Awards - Victoria Division.

We are extremely proud, not only of our commitment to 'outstanding customer service', by everyone within the Mitchell Group, but of the strong relationships that we have built with our customers over the past 60 years. We look forward to continuing this relationship and holding to our commitment of "outstanding customer service", for many more years to come.

### Family of Brands

At Mitchell's, we believe in building relationships, not just with our customers, but also with our suppliers. Over the past 62 years, Mitchell's have established strong relationships with some of this country's leading manufacturers, allowing us to offer a unique range of top quality brands such as Laminex, Formica, Hettich etc.

### Mitchell Plastics

In 2001, Mitchells expanded its' operations by establishing an associate company, Mitchell

Plastics. Today, Mitchell Plastics is the authorised Australian and New Zealand Distributor for Perspex® branded acrylics from Lucite® (a wholly owned subsidiary of Mitsubishi Chemicals in Japan).

### Alifrost® aluminium frame doors

In 2003, Mitchell Laminates launched the Alifrost® range of aluminium framed Perspex® insert doors & panels. Due to their superior glass appearance and range of decorative colour and finish options, Alifrost® is now a much sought after brand and Alifrost® products are sold nationally through a network of re-sellers.

To see the full list of products we supply, please refer to the back page. Should you wish to receive any further information on any of these products, or you would like to talk to us regarding how we can help you, please call our Head Office in Dingley on (03) 9558 0800.
