

PERS

Perspex® Cast Acrylic Sheet Frost

Available in a wide range of thicknesses from 3 – 10mm

Our flagship product – Perspex® cast acrylic sheet with a double sided matt finish available in four collections: Vivid, Urban, Hot and Pastel

Perspex® Frost Pastels – the original Frost range. Timeless subtle classics that have been a firm favourite since they were launched.

Perspex® Frost Vivid – inspired by cutting edge modern colours that will give your designs a creative edge today and ensure they stand out from the crowd tomorrow.

Perspex® Frost Urban – a collection of cool, contemporary colours that capture the urban chic of the city. A collection for a sophisticated loft lifestyle.

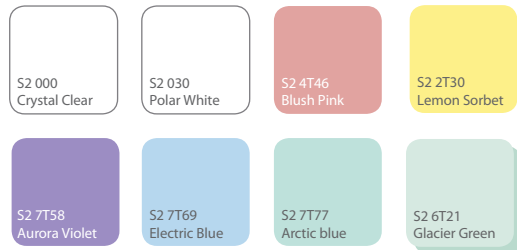

Perspex® Hot Frost – bold and vivacious colours that are the perfect match for the confidence that designers and architects show in Perspex®

Whether you choose one of the zingy Vivid or Hot Frost, a Pastel classic or chic Urban shade – with Perspex® Frost you not only get an unrivalled choice of colour, but also the outstanding service and guaranteed product performance that you know you can rely on.

*Please refer to our website colour selector tool for availability. Colours shown are a guide only, final decisions should be made directly from actual samples.
