GET THE LOOK – AND FEEL – WITH NEW PERSPEX® IMPRESSIONS

Perspex® IMPRESSIONS adds a completely new aspect to the world renowned Perspex® brand. It is a sophisticated new concept which enhances the stylish appearance and superb performance of Perspex® acrylic by offering an extra dimension – texture.

Inspired by the emerging trend for greater depth and texture in materials, Perspex® IMPRESSIONS will appeal to designers, architects, brands, retailers and shop fitters, who are seeking a material with the potential to create a truly unique look and feel.

CREATE A LASTING IMPRESSION

Perspex® IMPRESSIONS 'Linear' features a contemporary pattern created exclusively with future retail and interior trends in mind. Understated, with an informal elegance, it is ideal for complementing and highlighting a wide range of merchandise on display.

With both design and texture inherent in the sheet, Perspex® IMPRESSIONS offers great resilience and resistance to wear - the pattern will not be rubbed off or scratched off, and cannot be delaminated. Perspex® IMPRESSIONS superb product characteristics and style are set to impress the world of retail and interior design.

GET AHEAD OF THE TREND

Contemporary and vibrant colour choice is a key part of the Perspex® offer and the Perspex® IMPRESSIONS Linear range does not disappoint with a choice of 9 colours. A bright post-box red, a fresh and verdant green and a rich, exuberant purple are three new fashion colours that lead the Perspex® IMPRESSIONS Linear colour collection. Created by Perspex® colour experts these brand new shades reflect the emerging colour themes of the coming seasons.

In addition, Perspex® IMPRESSIONS Linear colour range features two new cornerstone colours that are the mainstay of any retail collection – an intense graphite grey and rich chocolate brown. These five new colours are rounded off with a deep black and three classic Perspex® choices; clear, opal/white and glass-look.

Perspex® IMPRESSIONS Linear - a look and feel that's about to set a whole new trend.
