Introducing the yummiest colour range from the Perspex® brand: Perspex® Sweet Pastels, the cooler and softer side of the Perspex® acrylic spectrum.

These fresh pops of colour are set to tempt creators by offering a Pick 'n' Mix of mouth-watering flavours; they're vibrant, fun and inspiring.

Eight flamboyant pastel shades are available as standard sheet size with 3mm thickness. An additional benefit of each sheet is the one sided satin finish, providing the best of both worlds for the consumer by offering both matt and gloss surfaces all in one sheet.

Perspex® Sweet Pastels have all the excellent physical properties of our standard cell cast acrylic sheet. All 8 delicious colours were specifically developed with the retail industry in mind; lightweight and easy to install for pop up displays, yet strong durable and hard wearing for those more demanding interior needs.
