MITCHELL GROUP AUSTRALIA
Celebrating 75 years

OUR HISTORY

1949 - 2024

Celebrating 75 years of customer service

Family Owned

When we say Mitchell Group Australia is a family owned business, we mean just that. 75 years ago (in 1949), Alex Mitchell started a family business in Flinders Street, Melbourne, known as Payntfast. Peter Mitchell joined his father in the business in 1954. In 1957, they developed a cut-to-size Laminex business. Today, Peter and Denises' three son's, Brett, Marcus and Shane Mitchell work directly within the company, all sharing the same vision & passion for servicing their customers as Alex & Peter Mitchell had all those years ago. Graham Henderson, the founder's son-in-law, is also a valued member of the Company's Board.

Old Fashioned Customer Service

As a family owned and managed business for over 75 years, Mitchell Group Australia has built a reputation within the kitchen/cabinet making, shopfitting, acoustic pinboard and acrylic industries for treating its customers like family.

Whether it's an order for one sheet or two hundred sheets, Mitchells service is the same. We strongly believe in a customer service ethic which sets us apart from many of our competitors. Furthermore, Mitchells extends its commitment to customer service by offering a precision cutting & design service. This service is a testament to the Company's dedication to meeting the unique needs of its clients.

Family of Staff

Over these many years, Mitchell Group Australia has employed hundreds of staff & we are very thankful for their contribution to the growth & history of the business. Many have been employed for 10-20 years & we are proud that we have played a significant part in their lives.

Family of Brands

At Mitchell's, we believe in building relationships, not just with our customers, but also with our suppliers. Over the past 75 years, Mitchells have established strong relationships with some of this country's leading manufacturers, allowing us to offer a unique range of top-quality brands such as Laminex®, Formica®, EchoPanel® and Perspex®.
